### PRECISION-Guide film rollers:

With a unique three-roller design, the PRECISION-Guide film rollers tightly control the microfilm's side-to-side movement, ensuring the most precise film control while searching for your image.

### Customer Favorites!

#### SPOT-EDIT:

The must-have feature for working with microfilm that allows you to edit **ONLY** the part of the image you want to!

#### AUTO-ADJUST:

Our customers refer to this as the "magic button" because it automatically adjusts the contrast and brightness of your image, while straightening and cropping it on your screen.

#### CUSTOMER SERVICE:

While it may not be a listed feature, our customers love the proven track record of our machines. Their reliability is backed by our factory-trained and certified dealers. We will be here for you!
