

ScanPro 2200+

High Functioning Microfilm Scanner for Research

Budget-Friendly Price

The ScanPro® 2200+ is a top-of-the-line microfilm research tool with powerful capabilities. It has all of the important features used by researchers and archivists around the world to quickly and efficiently work with all types of microfilm. Best of all, it comes at price that's friendly to budget-conscious consumers.

BEST VALUE FOR FEATURES RECEIVED

No other equipment on the market can match ScanPro products for their track record of performance and reliability and the ScanPro 2200+ is no exception. It includes features never before seen in the micrographics industry at this price point, including the industry's first and only 7x-105x optical zoom range. This standard feature on the ScanPro 2200+, 3000 and i9300 gives the operator unprecedented ability to zoom in, read small text and examine fine details.

Other standard features that help users work with microfilm easily and proficiently, include:

- One-click Auto Adjust to adjust brightness, contrast, straighten and crop — patrons call this the "magic button"
- SPOT-Edit™ live image editing so you can edit ONLY the part of the image you want
- Patented FOCUS-Lock™ technology that provides continual image focus even during optical zoom
- Customizable film selection wizard that allows you to automatically set up your scanner with just one click
- 6.6 megapixel camera² with both portrait and landscape orientation

- Fit-to-window feature which fills the entire monitor screen and increases workspace
- Customizable tool bar
- Library-Quiet™ technology so it won't disturb other patrons
- USB 3.0 capabilities
- Intuitive, easy-to-use Windows®-based software

OFFERS THE SAME DURABILITY AND RELIABILITY YOU'D EXPECT FROM OUR SCANPRO PRODUCTS

- **Three-year factory warranty** — unmatched in the industry!
- **Built for public use** — heavy gauge steel throughout
- **PRECISION-Guide rollers** — best on the market to protect your microfilm investment!
- **Proven track record** — performance and reliability backed by factory-trained and certified resellers

The world's leading universities and libraries have been choosing e-ImageData microfilm scanners for more than 20 years.

²6.6 megapixel sensor

ScanPro 2200+

ScanPro2200+ All-in-One
with roll film carrier and AUTO-Carrier

ScanPro 2200+ Features

6.6 Megapixel Camera ²	45 lp/mm, High optical resolution
Camera Orientation:	Portrait and landscape, Maximum image clarity for both portrait and landscape images
Image Rotation:	360° optical and digital rotation
Interface:	Intuitive Windows computer interface, easy-to-use with all film types
Customizable Film Selection Wizard:	Single-click to automatically set up your scanner using custom presets that retain all settings including optical zoom and focus
7x to 105x Optical zoom range,	total zoom range 7x to 1575x
Fit-to-Window:	Displayed image covers the entire monitor screen leaving no blank area
On-screen magnifier (selectable zoom) to read small text and examine fine details. Scan and print what is seen in the magnifier window	
Continual image focus even during optical zoom (FOCUS-Lock™)	
Soft, bright, film-optimized, monochromatic LEDs with lifetime warranty and optically clear carrier glass for best image quality	
Software selectable resolution:	150 dpi to 2000 dpi, 256 grayscale, bi-tone (B&W)
Media:	Fiche/ ultra-fiche/ aperture cards/ micro opaques/ (optional: 16/35mm, 16/35mm/cartridgeM)
Carriers (optional):	AUTO-Carrier™, 16/35 roll film, 16/35/roll film & cartridge(M)
AUTO-Carrier™:	Automatic scanning support for Aperture Cards
PRECISION-Guide film rollers:	Low inertia 12 ball bearing design protects film, easy-to-thread, provides precision control of film image position and movement
PowerScan Productivity Suite (optional):	WORD-Search, INFO-Link, Copy-to-Clipboard, OCR word searchable multipage PDF, using ABBYY® Fine Reader OCR engine for speed and accuracy
Single page OCR PDF using ABBYY® Fine Reader (files can be saved as PDF/A)	
Specify the dimensions for the printed or scanned document image	
Three single-click print buttons:	Print seamlessly using preset paper sizes and printers
Watermark and Copyright warning support for scans and prints	
Three single-click scan buttons:	Save seamlessly using preset file name, format, & path
Single-click scan to Cloud button:	Save seamlessly to cloud using preset file name & format
Single-click scan to email button:	Save and email securely using external or embedded email app
Single-click export scan button:	Save specifying file name, format, & path
Save scan formats:	PDF & TIFF, single and multipage, with & without OCR, JPEG, and more
Previous/Next (fast and accurate):	"Click" to quickly and accurately move 1 to 9 images
SPOT- Edit™ (live editing provides speed and accuracy):	Select any area (or multiple areas) then adjust brightness, contrast, redact or whiteout for any selection with a single-click
Single-click AUTO-Adjust button:	Adjusts brightness, contrast, straightens, and crops
Optical straighten:	Select fully automatic, line, or manual (click and hold to rotate)
Digital Rotate:	Click to rotate image 90°, 180°, 270, & 360
Mirror:	Click to mirror image
MergeClips™:	Paste, annotate, arrange, and size multiple scans onto a single page
USB3/USB2/USB1:	Convenient, front access port for portable flash drives
Upgrade a ScanPro 2200Plus at any time to a ScanPro 3000 to add functionality and optional features	
AUTO-Scan (included standard): Automatically Scans roll film^b and fiche^c	
Straighten/Crop, Straighten, Set Brightness	
File types:	PDF, TIFF, JPEG and more
Unlimited scans, 20 images per minute (IPM) roll film ^b and fiche ^c (forward or reverse)	
AUTO-Scan Pro (optional): Automatically scans roll-film^b at 55 IPM without AUTO-Carrier™, scans roll-film^b & fiche^c at 100 IPM with AUTO-Carrier	
Auto-Brightness, Straighten/Crop, Straighten, Duplex Film, Forward and Reverse, Set Brightness	
File types:	PDF, PDF/A & TIFF, single and multipage, with & without OCR, JPEG, and more
Unlimited scans, up to 100 IPM roll film ^{b,c} & fiche ^c , forward or reverse (with AUTO-Carrier)	

b - Requires Roll Film carrier c - Requires AUTO-Carrier d - Requires license key only 2 - uses 6.6 megapixel sensor

Product Information for the latest information check http://e-imagedata.com	
AIO Desktop Footprint	(H x W x L) 7.5in x 17in x 19in / 19cm x 42.5cm x 45.5 cm
Operating Systems	Versions, 32 & 64 bit: Win 7 to Win 10; Editions: Enterprise, Professional, Home
Interface	USB 3.1 Gen 1 (also called USB 3.0)
Weight	32lb / 14.5kg
Power	100-240VAC 50/60Hz
Film Path	Straight film path minimizes wear (film not pulled across glass edges)
Energy Efficiency	ENERGY STAR® Certified
Product Safety	OSHA workplace safety certified to US/CA standards
Warranty	3-Year factory warranty (includes carriers)

Automatically Scan Roll Film and Microfiche at 100 Images Per Minute

The ScanPro 2200 Plus can ship from the factory with an AUTO-Carrier for scanning fiche and roll film (requires a roll film carrier). And, if you add AUTO-Scan Pro you can scan at 100 images per minute. The ScanPro is the only desktop microfilm scanner on the market that can provide both on-demand and conversion scanning of fiche and roll film.

ScanPro Roll Film Carriers are the best in the industry

ScanPro roll film carriers provide the operator with precision micro positioning of the microfilm image. These controls include image advance slow and fast (forward and reverse), image scrolling, image framing and auto-rewind. These controls are conveniently located on the monitor screen so that the operator does not have to move back and forth between physical buttons on the scanner and the software on-screen buttons. Operators report that having all buttons in one place is a significant convenience.

Exceptionally Easy to Use

The ScanPro 2200+ software is an easy to use intuitive Windows® computer application with familiar icons and text labels.

Performance and reliability

ScanPro products have a proven track record of performance and reliability backed by factory trained and certified resellers. And, all ScanPro microfilm scanners have a 3-Year factory warranty. A warranty that you can rely on, the best in the industry.
